THE SPIRIT OF RATH YATRA

— CELEBRATED TOGETHER —

This Rath Yatra, we had the joy of bringing the divine blessings of Lord Jagannath closer to our Aakash Parivar. As a special gesture, Mahaprasad from the sacred Jagannath temple in Puri was distributed to all, allowing everyone to experience the sanctity and blessings of this cherished tradition. It was a heartwarming celebration that strengthened our sense of community and created moments of shared joy and gratitude.

A CORNER TO CALL HOME

Behind every beautiful home is a story of love, comfort, and personal expression. The inviting corner of Mrs. Deepa Verma and Mr. Sanjay Verma resident from Aakash Riviera perfectly captures this spirit with its thoughtful décor and warm ambience.

Designed with care and filled with meaningful touches, the space reflects their personality while creating a peaceful retreat for family and friends. It's a wonderful example of how a home becomes a true reflection of the people who live in it.

A heartfelt tribute to their world

This Mother's Day and Father's Day, the residents celebrated the spirit of unconditional love, guidance, and endless support that parents bring into their lives. To mark these special occasions, the youngest members of the community expressed their love in the sweetest way, through handmade greeting cards filled with heartfelt messages and colourful creativity.

Every drawing and every handwritten note was a beautiful reminder that the greatest gifts are made with love. It was a heartfelt celebration of all the wonderful mothers and fathers who make every house a home.

With gratitude, from the Aakash India family

A thriving community is built on trust, shared experiences, and the people who make every moment meaningful. Thank you for choosing Aakash India and for filling our community with kindness, warmth, and a true sense of belonging. Your support inspires us to keep building communities that people are proud to call home. Here's to many more celebrations, new beginnings, and cherished memories together.
